

Edition Terroir by Claus Jacob Grauburgunder Urmeer Löss

0,75 L

Life on earth originated in the primordial sea several million years ago in what is now Rheinhessen. After this sea dried up, a mineral and fertile soil was left behind, which was covered with loess due to drifts during the last ice age. This fine-pored and nutrient-rich drifting sand is ideal for the growth of the vines for the Pinot Gris Urmeer. The wine impresses with its fine fruit and freshness, paired with juicy aromas. Pinot Gris enjoyment par excellence!
