

Edition Terroir by Claus Jacob Chardonnay Urmeer Löss

0,75 L

This delicate Chardonnay combines fine fruity aromas of pear and honeydew melon with a pleasant melting texture. Following the drying up of the primeval sea, which was located in what is now Rheinhessen several million years ago, the fertile soil was covered with loess due to drifting during the last ice age. This nutrient-rich soil provides the ideal location for the Chardonnay Urmeer Löss vines.

Country of origin / region

Germany, Rheinhessen

Grape variety(s)

Chardonnay

Quality level

Quality Wine

Flavor
